

6 TYPES OF SOFTWARE USERS THAT NEED YOUR HELP

WWW.OPENIT.COM

1

THE HOGGER

A user who uses multiple licenses simultaneously

2

THE CAMPER

A user who keeps a license for a long period of time

3

THE INFREQUENT USER

A user who rarely uses an assigned license

4

THE IDLER

A user who runs an application but is not actually using it

5

THE RESISTER

A user who actively avoids using the new version of a software

6

THE PIRATE

A user who uses unlicensed or illegal software

Open*i*T[®]

Learn more about how these types of users are costing your company thousands if not hundreds of thousand dollars and how to identify this waste with Open iT's Engineering Software Management solutions. Email us at getstarted@openit.com for more information!
